FAKE NEWS

Can we believe everything we read on the internet or that we receive through our social media feeds?

The rise of 'Fake News'. Fake News is content created and shared to gather traffic to a specific website.

Ever thought about how websites that are free make money? Through traffic and advertising. The more 'likes' and click throughs you get the more money you can make.

Always evaluate the source of news stories.

GROOMING

The internet is a wonderful place but it also has its dangers. People who use the internet aren't always who they say they are. The internet enables people to pretend to be somebody they are not.

How can we keep ourselves safe when using the internet?

We should never talk to people we don't know in person.

We should never arrange to meet anyone we have met on the internet without an adult being present.

CYBERBULLYING

Do we always post nice comments to each other when we use social media? How does it make you feel when you read hurtful and unkind comments other people have written?

Cyberbullying is the term we use for bullying somebody using technology.

Who can you report cyberbullying to?

What can happen if you are involved in cyberbullying?

Let's fight it together.

WHAT INFORMATION DO I SHARE?

Think about the information you share online is there information you shouldn't share publicly? Do you want anyone looking at your images and posts? Is your account set to private on your social media applications?

Everything we post online creates our digital footprint. Will the topics you post about in Year 7 be the same topics you want to post about when you are 18?

ONLINE VS OFFLINE

Why do we behave differently when we are online compared to when we are offline?

In reality do we walk around saying unkind and unpleasant things to complete strangers? So why does trolling exist online?

Would we really say mean things to our friends if they were stood in front of us? Then why do we do it when we are hidden behind a keyboard?
